NEDBANK MINI-ATM

Now you can give your customers cash too.

Wouldn't it be nice to be able to offer your customers the convenience of drawing cash in your store?

Locally and internationally, customers demand a safer and simpler way to draw cash, which is exactly what you will now be able to give them, with a little help from Nedbank's MINI-ATM.

With the cash advance functionality on your NedLink POS device, Nedbank gives you the power to dispense cash to all South African-issued debit cards, such as VISA Electron and Maestro. Think about it – you can put more feet instore with more cash in their pockets.

How do I benefit as a merchant?

- Cash withdrawals at your NedLink POS device reduce the risk of keeping large sums of cash on your premises.
- Making cash available to your customers instore increases customer visits and footfall, and therefore trade.
- Cash deposit fees are reduced.
- Purchases and cash withdrawals are made using the same card and device.

How do my customers benefit?

- Withdrawing cash in a more client-friendly environment.
- Using this cash advance functionality is more cost-effective than using an ATM to withdraw funds.
- Purchases and cash withdrawals can be made on the same device, saving time.

Nedbank's MINI-ATM is another example of how Nedbank uses innovation to develop value-added products and functionalities for you, our merchant, and your customers.
