

Bring along that perfect partner.

Sometimes a change is as good as a holiday, but you can get both with the enhanced benefit of your SAA Voyager credit card that becomes effective on 1 January 2012. You have told us what you want and we have responded, with changes that are guaranteed to take you further.

We've lifted class restrictions on Companion Tickets.

We know that travel can be enjoyed so much more with that special someone. Now with new benefits from your Companion Ticket* we have made getting there together so much easier.

All class restrictions for Companion Tickets on economy class bookings have been lifted. This means that SAA Voyager credit cardholders may purchase any SAA-published fare class ticket on first, business or economy class to utilise the Companion Ticket.

Save that amazing getaway for when you need it most.

From 2012 and beyond spending on your Voyager credit card will no longer count towards non-expiry of your miles, but you can save your miles by flying 5 000 or 3 000 Tier Miles on either SAA or SA Express respectively in a calendar year.

Cardholders who achieve the existing annual spend threshold by 31 December 2011 will still enjoy the benefit of Miles reinstatement in March 2012.

Experience the benefits that extend far beyond air travel.

You can redeem your Voyager Miles with any of our many partners for flights, flight class upgrades, car rentals, spa treatments and accommodation.

Other benefits include free SAA business class lounge access for Premium credit cardholders and business class check-in for Gold and Premium Cardholders when travelling on SAA, regardless of class of travel.

We are also happy to inform you that your annual service fee will remain the same in 2012.
